DESIGN & PERFORMANCE

EN

DRIVO

ELITE
DESIGN & PERFORMANCE

Interactive hometrainer with direct transmission

Simply choose the course or the training program and Drivo will automatically adjust resistance.

Simulates Challenging slope, **up to 24%**, with a 2300 watt power output at 40 km/h speed

Integrated power measurement system OTS (Optical Torque sensor) : power measurement accuracy $\pm 1\%$

Experience the same smooth pedalling found outdoors when training on the Drivo. The **6-kg** internal flywheel has been designed to recreate the sensations of road riding. Drivo is the indoor training system with the outdoor feel.

Direct drive for easy set-up and zero tyre wear or slippage.

It's practical and easy to use: very stable, easy to transport, folds quickly for storage even with limited space available.

Improves the rider's saddle position: the adjustable, anti-scratch plastic feet perfectly align the bike and duplicate the rider's road position on the trainer

DRIVO has a **lifetime** subscription to My E training mobile version and **lifetime** RealSoftware

My E Training software is an exciting and technically sophisticated virtual coach that travels with you whatever your destination.

Pedaling analysis option (available as an in-app purchase) measures power during the whole pedaling movement and sets **24 points** that determine how much effort you put in your legs, so you can optimize your training session. The My E-Training software and app with pedaling analysis option (available as an in-app purchase) displays DRIVO's measured power data on two different types of charts.

Compatible with standard Shimano-SRAM 9/10/11 speed sprocket cassettes.

Optional freehub compatible with Campagnolo 9/10/11 speed standard sprocket cassette is available

Road bikes

Mountain bikes

Compatible hubs: 130-135x5mm with quick release
and 142x12mm with thru-axle

DIRETO

ELITE
DESIGN & PERFORMANCE

Interactive hometrainer with direct transmission

Simply choose the course or the training program and Drivo will automatically adjust resistance.

Simulates Challenging slope, **up to 14%**, with a 1400 watt power output at 40 km/h speed

Integrated power measurement system OTS (Optical Torque sensor) : power measurement accuracy **±2,5%**

Experience the same smooth pedalling found outdoors when training on the Direto. The **4,2-kg** internal flywheel has been designed to recreate the sensations of road riding. Direto is the indoor training system with the outdoor feel.

Direct drive for easy set-up and zero tyre wear or slippage.

It's practical and easy to use: very stable, easy to transport, folds quickly for storage even with limited space available.

Travel block use is suggested

DIRETO has a **12 months free** subscription to My E training, both mobile and desktop version

MY E-TRAINING MOBILE & DESKTOP

The My E-Training software creates stimulating indoor training sessions via smartphones or tablets (both iOS and Android-based), as well as Mac and Windows that wirelessly connect to the hometrainer via ANT+™ or Bluetooth Smart (only for iOS, Android and Mac) protocols*. The My E-Training manages and displays power, cadence, heart rate, speed, time and distance data.

VERSIONE MOBILE /MOBILE VERSION (iOS- ANDROID)
REALVIDEO: train with Elite RealVideos. Enjoy an indoor bike ride pretending to be on a real route. (available for sale inside the software)
MY REALVIDEO: more than 1000 myRealVideos for free, recorder by users from all over the world
TRAINING PROGRAMS: create training programs based on:
level mode
free training**
power - time
TRAINING TEST: undergo an evaluation test that helps you create month-long personalized indoor training
MAP COURSES: create races anytime and anywhere via Google Maps
IMPORT GPS DATA: easier data import from GPS cycle computers
TRAINING PROGRAM CREATION: the new graphic editor simplifies program creation
EXPORT DATA: export your training data to Strava, Training Peaks and MapMyRide
IN CLOUD DATA: save and store training data in the cloud to share with your other devices
RECORD GPS record your GPS course and ride it indoors (only for Mobile version)
OPTIONAL: ANT+ or Bluetooth heart rate belts are compatible to monitor your heart rate.
Accessories are available on shopelite-it.com *

* the operative system and hardware should be compatible with ANT+™ or Bluetooth Low Energy

PEDALING ANALYSIS°

The Pedaling Analysis is a new and exclusive **DRIVO**, **DIRETO** and **KURA** feature developed by Elite to monitor the rider's power output throughout each pedal stroke.

The rider can monitor the power output variations of each pedal stroke, and will better understand the coordinated action of extensors and flexors muscles, the smoothness of the pedaling and the mechanical efficiency of the movement itself.

This translates into real improvement in the rider's performance, for both amateurs and pros alike, by a more efficient application of power throughout the pedal stroke.

°only for: DRIVO, DIRETO and KURA

Pedaling Analysis can be purchased in the mobile and desktop version of the My E-Training software.
